Summary

Making 'Hello World' the Start of every Adventure...

I'm Akash Agarwal,
A developer passionate about transforming complex problems into
elegant solutions. With a solid academic background (8+ CGPA) and
hands-on experience in impactful projects, I strive to build technology
that simplifies lives and drives efficiency.

What I'm Working On:
-Animated AI Video Generator: Crafting an AI-powered platform
to revolutionize video generation focused on seamless user
experience, real-time generation, and intuitive design.
-CodeSprint 2.0: Testing my coding skills daily in this 45-day
challenge organized by @USC.KIIT, diving deep into algorithms,
logic optimization, and software craftsmanship.

Core Interests:
* Artificial Intelligence & Machine Learning
* Web Application Development
* Scalable Software Architectures
* Database Management & Optimization
* Modern UI/UX Design Principles

Learning & Growing:
I believe in continuous growth whether it's mastering new
technologies, contributing to open-source, or collaborating with
developers. Some of my work is available on
GitHub - kauntiaakash2, where I share projects and experiment with
tech.

Let's Connect:

I'm always eager to discuss innovative ideas, collaborate on impactful projects, or simply geek out over code. Feel free to reach out—I'd love to connect!

Beyond my work, I enjoy photography, exploring nature, and gaming - passions that inspire my creativity and curiosity.

Experience

Self-employed
Content Creator
March 2019 - January 2021 (1 year 11 months)
India

YouTube Content Creator | Programming, Robotics & Arduino Projects

-Created and managed a YouTube channel focused on coding tutorials, robotics, and Arduino-based projects inspired by online courses.
-Simplified complex concepts through step-by-step videos, showcasing real-world applications and hands-on builds.
-Gained experience in video editing, content scripting, and community engagement.

Education

KIIT - Kalinga Institute of Industrial Technology
Bachelor of Technology - BTech, Artificial Intelligence & Machine Learning
 · (August 2024 - July 2028)

Atomic Energy Central School, Jaduguda
High School/Secondary Certificate Programs · (April 2012 - March 2024)
